2 ORCA Sample Management Database

3 Introduction

Database can only be accessed on-campus? at the following website <https://orca.otago.nz/orca>. This site provides an overview of the samples contained in the Sample Database.

To enter sample information into the database the administration screen need to be entered. This screen can be accessed using the following <https://orca.otago.nz/orca/admin>

The screenshot shows the Django admin interface. At the top, there's a dark header bar with the text "Django administration". Below it is a light blue navigation bar with the text "Site administration". Underneath is a dark blue header bar with the text "AUDIT LOG" and a "View" link. The main content area is divided into sections:

- AUTHENTICATION AND AUTHORIZATION:** Contains "Groups" and "Users" with "Add" and "Change" buttons.
- CORES:** Contains a long list of items: Analyses, Collections, Core extra sub samples, Core extra types, Core extras, Cores, Curators, Devices, Drops, Expeditions, Grants of permission, Organisations, Platforms, Principals, Programs, Sample sub samples, Samples, Section sub samples, Sections, Sediments, Sites, Storage types, Storages, and Sub sampling tools. Each item has "Add" and "Change" buttons.
